THE TWENTY-FIFTH ROUND

ARE YOU
YU KOU?!

Yello everyone -- Oo, Rabbit Kiba here. Volume three has finally come out --
Lots of things have happened recently, especially in the world wide news from the television. Sometimes, it really feels like the end of the world will come soon.
I wish the situation of Jaspilist release was improved. And I hope my health will get better --
It's only April but I have been sick many times. Not because I broke the glass o/ta/ta (Explosion)

This time, the content is a little very serious --, but Tera Yua and Silverwing have finally made some progress! Though after I recovered it, I feel like there's not enough time... (P/Sorry, what are you drawing X/D) In addition, my most selfish Q: Yua has started to change --. Give love my queen type. Startle! -- (Explosion)
Actually, I was really looking forward to draw Qid (Yua, looking at Silverwing with puppy eyes and spoiled behavior. (In delusional mode.) All of those will be entered to Qid X/D --. God of course, we want everyone to continue supporting us, in order to let this kind of chance happen X/D!
P/Sorry? You don't want to see it? O/ta -- X/D -- Spas blood --) Gungui, thank you everyone, your support is my source to continue to drawing --
Even though I don't always have time to reply your messages and remarks, I have read all of them, and some of them are really touching, thank you --
Finally I want to thank Qid and Yera. And for always helping me when I have difficulty X/D --. And my parents, looking you guys are at home or not I would probably be dead by now...and my brother, I will treat my computer to you X/D
And finally, I want to thank all the staff. I have to thank you guys for another year -- --. If there's a chance I will see you again at the next volume. -- --

Got Hurt?

SO IT WAS AN ARMY...

Earlier, we saw some manga authors borrowing from her characters' names, and then published the results. When I saw the difference between the originals and the original rule, I found it very interesting. Then, we found a survey on some website about the names and their contribution, so we decided to try it. I discovered that the results for TLO's characters are extremely interesting, but it's kind of... (Suddenly, I can feel lots of evil eyes looking at me.)
Ohh... I don't know why I said it in such a disappointing way, but they are all very perfect. Really? (a 180-degree change of tone) Hehe~ (That was a close one.)
Okay, so what is the survey's result? Well, you can have a look at it yourself!

ATTENTION WITH SOUND

My cat, Mimi, is almost one year old ~~~ Last year, about the end of June, my father said he wanted to go Mong Kok to buy a "Green Leafbird" (a kind of bird). I cracked a joke and said, "Why don't you buy a cat too ~~~?" So, there's another little monster at home XD~

Honestly, I have used the word Cat as my nickname for given, eight years, but I have never had a cat. Mimi is the first one.

We didn't buy Mimi from the pet store, but rather from a stand in a street of Mong Kok.

My father chose her among the cats, this might be some kind of fate...

Mimi is very active, someone would often play with her when a hairy stick (the likes it when others throw the hairy stick, then she gets it back... dog's own trick).

Lately, I don't know if it's because I don't have time to play with her, she is kind of ignoring the hairy stick, she only plays with it sometimes... And then, she discovered a new toy— insects ~~~. When the weather is hot, there would be some purple flies (near the house, and she would crush them without hesitation :> Ah ~~~ her cute little ball~~~). The scariest thing is that she will put it in her mouth XD!!! Meow meow ~~~~ I will let you eat to CHOICE wing. Please hand over what you have in your hand to me Q-Q!!!

[I know I have talked too much about my cat... First of all, sorry to be, because you will be inspired to Mimi's picture ~XD]
